The ultimate in whole house water treatment, for the homeowner that requires purified drinking water throughout their entire home. Recommended for the water source high in impurities ranging from salts to bacteria.

Some of the benefits of pure water include:

- Delicious taste
- Healthy and safe to drink
- Enhanced flavors in foods and beverages
- Perfect for infant formula and foods
- Recommended for pets
- Required for aquariums
- Great for household plants and cut flowers
- Spot-free rinse
- Promotes healthy hair
- Protects steam irons
